

VACUUM PLATE 100-LP

Waterproofing Membrane Tester

- Compact and convenient
- 4.4 lbs light, quiet, and ergonomic
- Cordless thanks to AMPShare battery from Bosch
- Sturdy plastic case for easy transport
- Maintenance-free due to brushless fan motor
- Easy to use

The VACUUM PLATE 100-LP is a compact, cordless vacuum testing device designed for a variety of applications, such as roofing and pool construction. Its rechargeable battery provides extended runtime, allowing for easy movement without the hassle of cords. The unit maintains consistent vacuum pressure for reliable testing. Additionally, it comes with a convenient case, making it simple to carry and use wherever needed.
