

Aluminum Hatch Ladder with Brackets

Industrial Wall Mounted Aluminum Ladder for Interior Hatch Access.

- Deeply serrated round rungs
- Factory compressed rung joint
- Plated steel mounting brackets
- Comes with aluminum end caps on one end
- 12" rung spacing per code
- 16" minimum inside dimension
- Standard 7" from rung center to wall
- Meets ANSI 3124 Standards
- Meets CalOSHA requirements when properly installed

Ordering Information

Minimum purchase length 14'. Indicate how many mounting brackets (fastening points) are needed at time of ordering (bolts not provided). Ladders come in 14', 16', 18', or 20' sections. Anything over 16' will require 3 sets of mounting brackets. Please call for anything over 20' as this will require vertical fall protection.

Installing contractor cuts foot to length. (Note: aluminum end caps welded to one end; this is to be header, not to be cut off).
